Classes held in English: History, Geography and literature. Sevres

WORKING EXPERIENCES

June-September 2017: Market survey in Morocco for SIMOP, water equipment manufacturer. Competitive analysis, promoting SIMOP's brand and products.

1 week 2015: Professional Biodynamic wine fair in Angers. Logistics for the clients. Receptionist, and storage management.

September - October 2015: Employee and team leader for wine harvests in Closieries des Moussis (Bordeaux). Supervise and run a harvesting team in order to conceal at best, quality and efficiency. Responsible for the transport of the grapes, and the selective sorting of grapes.

2 weeks 2015: Trip to Katmandu (Nepal) as part of a charitable association: Pile et Face. International cooperation. Valorization of human work. Selling Nepalese art craft back in France, funds returned to an orphanage and Tibetan families in need.

September 2014: Wine making internship in Spain (70 hectare winery). Monitored vinification at a large scale. Practice my Spanish in a professional framework.

July - August 2014: Internship in viticulture at Closieries des Moussis (Haut Médoc), 1,5 hectare working in biodynamic) Discovered biodynamic and an atypical commercialization circuit, established a protocol and experience in viticulture as part of my BTS.

LANGUAGES

English: Proficient (Level C1)

Spanish: Proficient (Level B1)

PERSONAL INTERESTS

2011-2013: Rowing trainer for beginners. Responsibility as team leader managed the security and equipment for the group.

2008-2013: Rowing training and championships (national level) The training sessions were 4 to 5 times a week, taught me to be assiduous and enduring, handle the work asked for at school.

2010-2011: Rugby Trainer for 6 to 8 year-old children. Making them learn the rules in a ludic way, and managed security for early age learners.

July 2011: A stay in a Ranch in Montana (United States). Contribution to the daily tasks of the cattle production. Practicing my English in a different professional framework. First experience in cattle breeding.
